

Indemnity form

- 01 | We make every attempt to identify ingredients that may cause allergic reactions for those with food allergies. Every effort is made to instruct our staff on the severity of food allergies. In addition, we label items with possible allergen-containing ingredients; however, we cannot guarantee the absence of cross-contamination of ingredients. There is also a possibility that manufacturers of the commercial foods we use could change the formulation at any time, without notice. Participants concerned with food allergies need to be aware of this risk.
